In addition to these sime in Italy and Austria, the Foreign Office has been instructed to prepare for the Danubs Conference a case which will show that the old European Commission and the International Commission were an infrirgument on the sovereignty of the Danubian nations and a hindrance to the development of Danube navigation. The Foreign Office will use some of the historical conventions still in force to prove its point.

4. The Yugoslavs also intend to change the existing agreement between Yugoslavia and Rumania for control of the Iron Gate.
